Dear hope church members,

Greetings,

how are you? Hope all is going well with you! Every time I get the chance to write you a letter it makes me happy and also amazed because it makes me wonder how could someone, who is not related to other in blood, or in anything could have the heart to be this kind. This is the gift of God, the love you have for me and the heart you have to share. God bless you!

So, how did you found the new-year so far? It is my prayer for you to live in the presence of God more than you have ever experienced before. I hope my God will bless your New Year, may this year be the year that you bear fruit in every parts of your worship. How about the health of Bruce?

---

I was so happy about my last semester performance. I observed a good quality in my leadership and in my studies. Now I started the second semester. The last semester taught me in so many ways, I can say that I learned to be strong and to solve my problems.

During break time I traveled to my home town and found my family, friends and our church members I had a good time with them. They all are fine I was so happy. Our church members are missing you. I also traveled in to a historic place in our country called Hareer with LDP student for working camp, it was very amazing. You have no idea how excited I am. Our training time was also very nice.

I have planned to have successes in the coming semester so please take a time and pray for me and our church. Looking forward to hear from you!
